

CVR - SURVEY QUESTIONS

VOTER REGISTRATION CARD STATUS

This fall, as part of the Central Voter Registration (CVR) project, the State will send a team of workers to your municipality to electronically scan images of voter registration cards for all currently registered voters. This questionnaire is designed to provide us with information about your card file, so that we can best prepare for any contingencies.

After completing this form, fold it in half, tape it closed, and mail (no postage necessary) to the address on the reverse. You may also fax it to 287-6545. Please return it by May 13th. Thank you!
